To Whom It May Concern,

On behalf of Commonpoint's Clearview Assistance Program I am pleased to provide this letter in support of Dance Parade's 2026 Ageless Action SU-CASA program.

During the Spring 2026 residency, Dance Parade partnered with our center to provide dance classes led by teaching artist Caryn Cooper. The program offered our older adult participants a meaningful opportunity to engage in creative movement, learn about a new cultural dance tradition, and connect with one another through the arts.

The residency had a positive impact on our participants by encouraging social connection and increasing physical activity. Our experience working with Dance Parade was excellent and we were impressed by the level of collaboration and professionalism. The teaching artist created an inclusive and welcoming environment where participants of all abilities felt encouraged to participate and grow.

One memorable aspect of this year's residency was the grand finale performance, which was attended by dozens of our local community members. We appreciate Dance Parade's commitment to making high-quality arts programming accessible to older adults throughout New York City. Programs like SU-CASA enrich our community by promoting creativity, wellness, lifelong learning, and social engagement.

We are grateful for this partnership and would welcome the opportunity to continue working with Dance Parade in the future.

Sincerely,

Jaimeson Champion

Senior Director
